

March-April 2010 President's Message

SECFCA – Southeast Chapter of the Falcon Club of America

FINALLY-----IT'S SPRINGTIME!!!!!!!

After one of the coldest winters I can remember it finally hit 80 degrees today and wow.....it feels great! Our club appears to be alive and well and I am grateful for that. The March meeting at my home was well attended (I do wish that we had more attendees)and everyone seemed to have a good time. Our club was represented in Pensacola for the Mustang / Falcon show on 3/26, 3/27, and 3/28 by Wally, Les, and myself. I estimate that there were 40 Falcons there, some real beauties but mine was the only one that demanded a new radiator on Saturday morning.....ugggggggh! Between Les and Wally about all that I had to do was sit back and watch.....they were awesome.

Remind me and I will tell you a funny story from Sims radiator when I took my aluminum one in for repair the next week!

The plans for our 7/24 show seem to be coming along well at this point as Gary Goddard continue to “put it together”. The volunteers that I am aware of at this point include:

Registration: Wally, Shelia, Les, Leon and Betty.
Door prizes drawings and distribution: Bobby and Ed
D.J.: Terry and James
Cleanup: Dennis, Wally, James, Ricky, Doug, and Shelia
Security for the back lot: Lynn and Dennis
Procure Door Prizes: Keith and Doug
I plan to fill in wherever necessary.
P-l-e-a-s-e let me know if I have overlooked anyone.

We VERY MUCH need all of these folks at Summit on 7/11 at 3:00 P.M. When we meet let's decide who will do what at the registration booth and what forms we have and need. I hope that we have a great turnout at Dawsonville on 4/10!

Your President,

Fred
