## President's Message

Hey Everybody,

This will be short and sweet, as today is day 4 after a bi-lateral hernia repair surgery. The pain and swelling are still very much a part of my life for the next 2 weeks. I should be able to make the May meeting and I look forward to seeing everyone. I have missed the last 2 meetings: one due to my son's graduation and the second due to the Lowe's Auto Fair in Charlotte, NC. I heard the good news that the new By-Laws are in effect. I hope this will take our mind away from the nuts and bolts of club affairs and give us more time to have fun with the Ford Falcon. And if we do deal with nuts and bolts I hope they are part of this fine car that this club is dictated to.

Yours truly,

*Ed*

A very warm welcome to our newest members, Steve and Sharon Maddox, Acworth, GA. Please feel free to welcome them to our Falcon family at 770.856.1278 or at Email: [smaddox28@bellsouth.net](mailto:smaddox28@bellsouth.net).

Our member, James Thompson, Lakemont, GA, passed away recently. Our Club's thoughts and prayers go out to his family.

**Jeff Thomas**

## Editor's Message

This is the 3<sup>rd</sup> newsletter of 2009 and is the May/June 2009 issue.

A lot has happened in the Editor's corner since the March/April newsletter.

1<sup>st</sup>: We formed a By-Laws committee that our President discussed in his message in the last newsletter. As announced at the 2/1/09 Old Hickory House meeting, we encourage any and all of our members to participate on this committee to be sure their views and ideas are considered in our new By-Laws.

2<sup>nd</sup>: We sent out a post card to again invite any and all interested parties to participate in crafting our new By-Laws.

3<sup>rd</sup>: I stated in the last newsletter that all of our members have an open invitation to participate in our efforts to bring our Club's By-Laws up to date.

4<sup>th</sup>: I have put this membership list in a private space on our Web site for the use of our members (and only our members). This list will not be available to public visitors to our Web site by selecting a button or other link. All members have been provided these private links.

Since we need to preserve this as a private link (URL), please do not share this information with Club non-members. This is an exclusive service our Club offers to you, our members.

*Wally*

secfalcons Editor/Internet Director/WebMaster

## Summit Show 2009 Update

Our Summit/SECFCA show chair person, Mr. Gary Goddard, reports the following about our upcoming July show.

- Award plaques are ordered and will be available in 2-3 weeks
- Alvin Roberson's 65 convertible will be one of the Summit display cars. We're looking for another one.
- Show flyers will be available for everyone at the May meeting at James and Sheila Cole's house.
- We're asking all of our members to distribute show flyers to auto dealers and parts stores in their area to enhance our show advertising.
- Currently, there will be no DJ. Terry T has speakers, James C has an amplifier, Fred H has speaker wires, so we will assemble all the parts at the May meeting and test them for good working condition.
- Once again, thanks to the arrangements by Fred Hartley, we will have Shane's BBQ and Brewster's ice cream.
- Doug Burns, again, has been very busy contacting vendors for "goodies" and other Ford car clubs. All of this work after his mammoth amount of work on our Club's new By-Laws. Thank you Doug for all of your dedication and hard work !!

**Subject:** falcons for sale

To whom it may concern ,

I have four ford falcons I would like to sell...they all need some work. If you are interested please call me at 706-573-9121. All of the Falcons are the round body models, 60-63. My name is Tom Tidd and my Email is shown above and I live near Columbus, GA.

Thanks for your help.

Tom Tidd

**Subject:** 1962 Ford Falcon

1962 4dr sedan

170cu in motor w/ singel barrel carb.

all original trim, body parts, and everything is still there. nothings missing. car has 92k miles on it. give or take. not running condition but all parts are there.

Next: The story behind it:

---

little old lady bought in new and drove it til she got to old to drive. she lived in El Centro and only drove it around town. she got to old to drive so her son parked it at his sons(her grandsons) house. son didnt want it, got permission to sell it and i bought it back in 1998.

im contacting you because this car is special to me because it has every single little piece of trim with the car still. there are some minor dents but the trim pieces on the hood are there, just everything you can imagine. i want to sell it to someone that is gonna put the car to use and appreciate it for what the car is worth. not just get it running and drive the car into the ground. i want someone that will restore it to its glory.

do you have anyone in you club that may be looking for a car like this?

hope to hear back from you!
